pure tone to the whole body, light gray with low-key rendering, suede shoes more material that has good texture.

the whole fresh and refined feeling, like it?

Does
remember the SC-1 released last year? Long tongue fusion Air Jordan 3 hybrid models are always so sole, innovative fashion and basketball shoes. Will the SC-2, which will be launched in July, be the same? The answer is obviously not. The soles, midsole, and vamp have all been substantially altered, and the heel part is decorated with some burst marks, which give the shoe a more ornate feel. If this new fusion products are for a purist is difficult to accept, so the release of the White / Black / red / Blue / white, French grey and black / gold / white three fresh color should be able to win their favor.
